

OMEL DIVERSIFICACION HOLDS THE THIRTEENTH AUCTION FOR THE PURCHASE BY LAST RESORT RETAILERS OF BASE NATURAL GAS FOR THE SUPPLY TO LAST RESORT CONSUMERS.

**The amount of Base Gas auctioned (1,200 GWh) was adjudicated in full after 11 rounds to 8 vendors.**

**The purchase price by Last Resort Retailers (CUR) for the Gas auctioned was set to 20.25 €/MWh.**

The auction for the purchase by Last Resort Retailers (CUR) of natural gas for the supply to last resort consumers was held today, 27 October 2015, pursuant to the provisions of Order ITC 863/2009 of 2 April.

The Base Gas product auctioned in the period falling between 1 January 2016 and 30 June 2016 corresponds to a monthly amount of 200 GWh and which will take the form of daily supplies.

The auction was held by internet using OMIE auction software. The procedure used was a “descending price clock auction” in which, based on initial price, there is a progressive reduction in the same over successive rounds until a balance is struck between supply and demand for the product.
